Thug Life

# Free Software/Open Source

- Free Software foundation and Richard Stallman refuse to talk about “Open Source”, because it is missing the point of freedom.
- “Open Source” more popular in business - “Free software” more popular in the community.
- Open source is a development methodology.
- Free software is a Social movement.
- Open source , non-free software is a suboptimal solution.

# Some bullshit to think about, or not

“The thing with technology is if you do something stupid you can fix it”

Giving the Linus Torvalds Award to the Free Software Foundation is a bit like giving the Han Solo Award to the Rebel Fleet.

(Richard Stallman)

“Software is like sex, it’s better when it’s free” - Linus Torvalds
